ROSCOE MAN HAS HIS BIBLE BACK

LOST DURING MEXICAN WAR; IT
IS RETURNED TO HIM.

STRANGE HISTORY RELATED

One of the Bits of Queer Incidents
That War Leaves upon
the Memories.

Up in the historical rooms at Madison are several hundred old-fashioned daguerreotypes which have been found in battlefields of the civil war. There are flags of state troops, of southern soldiers, relics picked up on fields of carnage. Bibles sent by loving mothers, sisters and sweethearts, old-fashioned "housewives" with rusty pins and needles—all lacking an owner. Sometimes traces of lost relatives have been found in these cases, but not often. Their former owners appear to have been entirely forgotten.

Joseph Lovesee of Roscoe, Illinois, is just experiencing a strange sensation that is akin to the wonderful. According to the Beloit Daily News, he has just received from a lady in New York the Bible and diary he carried during the Mexican war sixty odd years ago. Mr. Lovesee was a soldier in the United States army and saw stirring times. His Bible and diary were lost, forgotten doubtless, all these years, and is now returned to him in an almost miraculous manner.

Wonderful Story
The incident that took Mr. Lovesee back over the span of three-score years is quite romantic and unusual in that the party whose relatives were sought, is himself alive at the age of 81 years to receive the treasure and book lost on the battlefield of Contreras. In March the postmaster received a letter from Mrs. R. C. Connor, residing in New York, inquiring if any of the family of Joseph Lovesee resided in the vicinity of Roscoe and on being informed that the party asked for was still among the living, the Bible was at once forwarded. The fact that Mr. Lovesee was one of seven out of a regiment of 250, that returned from the Mexican war makes the return of the treasure at this late date all the more romantic.

The story of the finding of the Bible and the diary and its history is best explained by the letter of Mrs. Connor and Mr. Lovesee. The letter of inquiry follows:

"I have a possession, a small pocket Bible that was found by the side of a dead soldier on a battlefield in Mexico. On the fly leaf is written 'Joseph Lovesee's book, Citizen of Roscoe, Winnebago County, Illinois. Enlisted at Rochester, N. Y., March 21, 1847.' I did not have the book until some time afterward, or would have written to see if any of his friends would like the book. If you know of any, if they will send me a card I will be glad to send them the book. The precious book was brought from Mexico by my uncle who belonged to the regular army and was sent home, he having been wounded in battle. These many years it was carried to Sunday-school by children."

The English Bible long considered lost and forgotten by Mr. Lovesee has been received from the New York woman and the perusal of the book and diary caused Mr. Lovesee to grow reminiscent. The following story from the pen of Mr. Lovesee tells of his experiences in the Mexican war and of how the Bible and diary were lost:

How Book Was Lost
"After sixty years the pocket Bible has again come into the possession of its rightful owner. Sixty years ago the 20th of next August in the morning, I parted with this book on the battlefield of Contreras. We met with heavy losses the afternoon of the 19th, and the following morning we stripped ourselves for warm work, piling our knapsacks in a nearby cornfield. In my knapsack was this little Bible, together with the diary kept in verse from the day of my enlistment. This book was found on the body of a dead soldier on the battlefield of Contreras, where the Mexican army made a stand and fought a bloody battle, the same day of their retreat from Contreras. Who the soldier was or how he came by the book I can not say, but this I know, that no other hand could have penned what is written on flyleaf in that book but mine. We heard the next day that our knapsacks had been rifled and their contents stolen."

"From Rochester where we enlisted we were sent March 21, 1847, to Governors Island, N. Y., and from there were ordered to Mexico and on a fine April evening were put aboard a large sailing vessel then lying in the harbor of New York.
Seven Live Out of 250
"We had about 250 enlisted men in the prime of life and one month from the date of sailing we came in sight of the white sand hills that line the coast of Mexico. Upon this coast the Zenobia landed the 250 at a point called Wilson's Camp about three miles from Vera Cruz. Here was a camp of men ready to take the national road into the interior of Mexico, there to join General Scott who was on his march to the City of Mexico, but was halted at Puebla waiting for recruits. Upon the hot sands at Wilson's camp the brave 250 of the Zenobia spread their blankets the first night in Mexico.
"In that dense shrammel we lost

over fifty men, but we fought our way to Puebla, and then joined General Scott's army late in July, 1847, but of the 250 brave men that landed from the Zenobia upon the coast of Mexico, but seven survived and returned to their homes in the United States. It was in this city of Puebla I bought the Bible and wrote in it my name which was the means of directing it back to me after the sixty years through the kindness of this good Christian woman to whom I shall ever feel grateful for restoring to me my lost treasure."

THE REAL TEST
 Of Herpicide Is In Giving It a Thorough Trial.
 There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many farmers may look nice and smell nice, but the point is, they do not stop Dan and stop falling hair?
 No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.
 Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."
 It is a delightful dressing, clear, pure and free from oil or grease.
 Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.
 Two sizes, 50 cents and \$1.00.

**PUMP FACTORY HAS
LOOKED OVER CITY**
 Kansas City, Missouri, Firm Said to Be Contemplating Moving to This City.
 It is rumored that the Myers Pump and Manufacturing Company has been looking over the field in Janesville with the idea of locating a factory here. The article they put on the market is especially designed for farm or place where there is not sufficient fire protection. By an automatic action the pump is wound up and when started will work for twelve hours. No bonus is said to be asked for, but it is expected that stock will be subscribed for by local capitalists. The company is capitalized at \$50,000.

ELKS' LIST GROWS AT EACH NEW MEETING

Ten New Members Added to the List of the Lodge at the Session Last Evening.

Each succeeding lodge meeting of the Elks sees a large addition to its membership list. Aside from transacting important business last evening ten new members were given their emblems. Those initiated last evening were: Mayor S. B. Heddles, T. S. Sayles, J. H. Cullen, B. C. Schluter, J. G. Hemming, B. M. Palmer, W. S. Pender, F. J. Baker, A. J. Harwood, and C. J. Myhr. The house furnishing committee have already completed the purchase of nearly two thousand dollars' worth of rugs and furniture for the new club rooms and it is expected that the work of remodeling the rooms will be pushed as fast as possible from now on. When complete they will cost in the neighborhood of six thousand dollars and will be as fine as any in the state.

ASSESSORS TO MEET TUESDAY, APRIL 30

Supervisor of Assessment Frank P. Starr Issues Call for Spring Meeting.

County Supervisor of Assessment F. P. Starr has issued a call to the assessors of Rock county to meet at the courthouse in the city of Janesville on Tuesday, the 30th day of April, at 10:30 a. m. for conference and instruction relative to the duties of assessors in the valuation and assessment of all kinds and classes of property subject to taxation. Supervisor Starr will open the morning session by an address on the objects of the conference, review the work of the past year and suggest methods and remedies for the work of this season. L. E. Gettle of Edgerton, a member of the county board who has also served on the committee on education for a number of years, will deliver an address at the afternoon session. Mr. Gettle will speak on various phases of the laws and methods to obtain equality of assessment. There are thirty-five assessors in Rock county and an interesting and instructive meeting is anticipated.

EVANSVILLE SCHOOL SELECTS SPEAKERS

To Compete in League Declamatory
Contest at Janesville Friday—
Other Cut-off City Items.

Evansville, April 16.—The interest our people take in educational matters was fully illustrated last evening by the large number in attendance at the high school declamatory contest which took place in the opera-house last evening. The judges were Mrs. Dr. Ransom, Brooklyn; Miss Dunning, Brooklyn; Mrs. T. W. North, Prof. Williams and M. J. Fisher of Evansville. While Miss Fern Ball took first place, Miss Amy Richardson second and Miss Madeline Artes third, there were others among the contestants who received high markings and each one is deserving of much credit. The music by the Girls' Glee club was well rendered and very pleasing. Miss Ball and Miss Richardson will go to Janesville Friday evening, April 19, as representatives of Evansville high school at the league contest.

A number of our ladies met at the home of Mrs. H. O. Meyers yesterday afternoon and organized the Evansville Pure Food Health club and the following officers were elected: President, Mrs. T. C. Richardson; 1st vice president, Mrs. George H. Spencer; 2d vice president, Miss Marilla Andrews; 3d vice president, Mrs. H. O. Meyers; secretary, Mrs. F. E. Tolles; treasurer, Mrs. Fred Baker. The object of the club is to study the science of preserving good health by better understanding the needs and requirements of the system. The club will have regular meetings at which instructive papers on hygienic subjects will be given, illustrated by practical demonstration of preparing pure food. The members aim to use only pure and unadulterated materials and we understand a full line of these goods are to be put in by some of our merchants and will include everything used in the household. Some of the patronesses will be among our most prominent ladies.

Mr. Pearl Brown, former resident of this place, but who for the past twelve years has lived in California, has been visiting his son, Horace Brown, and other relatives in this vicinity for a few days. He is acting as chauffeur for a pleasure party who are on their way to Europe and will make an automobile tour of the continent during the summer. He left yesterday for Chicago to join his party, who stopped in that city for a few days' recreation.

May 12 is the date set for the dedication of the new St. Paul Catholic church. The entire program has not been decided upon as yet, but it is known that Archbishop Messmer of Milwaukee and the bishop of Janesville and Beloit will take part. The third number of the Woman's Literary lecture course has been postponed from April 19 to April 25, as the former date conflicted with the league contest in Janesville.

Miss Ida Shurum, who had a severe attack of pleurisy some time ago, is much better, but will not be able to resume her studies at the Whitewater Normal for the remainder of the school year.

Charley McCoy of Pittsville, Wis., is visiting relatives in this city.

Mrs. E. S. Frary of Oregon is a guest at the home of Mr. and Mrs. Joe Eastman.

Mr. and Mrs. C. J. Pearsall entertained the Good Time club at their home last Friday evening.

Miss Gertrude Countraman of Milwaukee and sister Iva of Janesville have been guests of friends in this city a few days.

At the meeting of the Women's Literary club last evening at the home of Mrs. Lees the study of Midsummer Night's Dream Act V was the principal feature of the program. The meeting was in charge of Mrs. Walter Biglow, Mrs. Eva Van Patten and Mrs. Helen Hollister.

Miss Tillie McGaw of Syene is visiting at the home of Thomas Steele.

MERRY CLINIC ON "PUBLIC HEALTH"

WAS ENJOYED AT Y. M. C. A. AUDITORIUM LAST NIGHT.

Enjoyed the Delicious Repast, the Music, and the Several Addresses Given.

There were, as anticipated, only occasional moments of gravity during the after-dinner discussion which followed the eleventh annual Ladies' Night banquet of the Twilight Club at the Y. M. C. A. auditorium last evening. The banquet, it was quite the most elaborate ever given under the auspices of the organization. Two hundred and ninety guests were seated shortly after seven o'clock, at the five long tables decorated with a multitude of beautiful electric lamps and great vases of yellow daffodils, pink and white carnations, and maiden's hair fern. The stage at the north end of the hall, from whence issued the alluring strains of the Orpheus string orchestra, comprised of George Hatch, harpist, Fred E. Williams, George Baumann, and Harry Haggart, mandolin players, had been converted into a bower of palms and twinkling lights. Every appointment was in perfect harmony and keeping with the motif and purpose of the hour and testified eloquently to the excellent taste as well as the painstaking efforts of the arrangements committee consisting of Rev. R. M. Vaughan, P. H. Korst, Robert M. Boswick, Jr., Fred Capelle, and A. E. Bingham.

Minute Medicine Cases
Green bottles of sparkling Hiawatha water, and miniature medicine cases of dark green imitation seal, bearing the firm legends: "1907—Public Health Dept." and "DR. VAUGHAN—Twilight Club—202 West Milwaukee street—Janesville, Wisconsin," flanked each plate at the festive board. When opened and unfolded, the "dope" and remedies which these beautiful chests might have contained had all taken refuge in the shell. The first layer of the inner lining bore a characteristic physiologist's memorandum, chronicling the social engagement of Tuesday, April 16, and such reminders as "Don't forget wife at 5:30," "Telephone Hiawatha Co. for a case of water," "Layer No. 2 disclosed an ominous prescription from the office of J. C. Kline, M. D., in which the entirely uninterlined with English, "The 'Black Death' can follow in the medical pharmacopoeia. The professional character of the gathering was again reflected in the toast list which was heralded as a "Clinic on the Public Health under the direction of Richard M. Vaughan, D. D." and every speaker was either accredited to some scientific institution or presented as a "Will doer" or "Docketed abstract." The innermost lining contained a roster of the Twilight Club. The originator and designer of these ingenious souvenirs was Judge Charles L. Pfield.

Serving of the Repast
To properly serve the sumptuous repast prepared under the direction of Mrs. Lyman Morse required the assistance of a veritable army of volunteers and thirty-five young ladies and several young men, including Bruce Kline, Will Clark, and others, were lured into the service. The young ladies, acting under the direction of Miss Emma MacLean, had the entire charge of the dining room and performed their tasks without confusion and with a military precision and dispatch which elicited words of admiration from all the banqueters. The personnel of this splendidly organized department was as follows: The Misses Anne DeForest, Bessie Burch, Sarah MacLean, Marguerite and Eloise Fifield, Charlotte Charleton, Bertha Yates, Edith Cora, and Lola Soverhill, Vernice Ludden, Grace Bailey, Ethel and Marjorie Bates, Frances Lewis, Lillabelle O'Brien, Hazel Howe, Ethel Walker, Marian Rogan, Flora MacLean, Mary Hewitt, Ray Heyman, Irma Zickler, Adelaide Bullock, Hallie Turner, Corrie Galbraith, Phoebe McManus, Effie and Wilma Jones, Florence Malby, Mary Ludden, Helen French, Pearl Baker, and Marie Langdon.

Rev. Vaughan as Toastmaster
Towards nine o'clock, when the last of the delicious course had been disposed of and the tables cleared, H. J. Cunningham begged leave to introduce E. C. Taylor, who is here with an Art and Crafts exhibition from Chicago. Mr. Taylor in a few brief words described his collection and invited the large audience to make an inspection of it at Library hall. Then Rev. R. M. Vaughan, the toastmaster, raised the lid of his magic-box of anecdotes and a veritable treasure-trove it proved to be. His words of welcome were interspersed with them. They interrupted him in the midst of classic allusions and came tumbling in as afterthoughts once he had announced the names and seemingly completed his introductions of the speakers. Apropos of the fact that the invited guests were all present and none had disappointed there was the tale of the conscientious individual who read the advertisement "Wanted by a man of genteel habits a person of culture and refinement as a companion on a European trip." The conscientious man hunted up the address, rang the bell, obtained an audience and said: "I saw your advertisement in the paper and I've come to tell you that I can't go." Then there was the story of the Irishman and the colored man who agreed to fight until one should say "Shame!" the yarn of the Beloit housewife who made such a lovely cake that the cat ate it up and the comforting rejoinder of the husband: "Never mind, we can get another cat"; the story of the two Irishmen on their first trip in a sleeping car—Pat's reply to the anxious inquiry of Mike, from the upper berth, as to how he was getting on: "Alright, Mike, but I do be havin' the time of me life gettin' myself into this hammock"; the account of the remarkable recovery of the Methodist minister's false teeth of Bishop Potter's moments of

ARGUED DAM CASE IN THE SUPREME COURT

John V. Norcross Appears in Defense of the Indian Ford Dam on a Demurrer.
John V. Norcross of Chicago appeared in the state Supreme Court at Madison Monday to argue in the demurrer action brought by Captain Norcross, the owner of the Indian Ford Dam. The case was thoroughly discussed although the present action does not touch upon the merits and merely involves a point of law. It is claimed that the dam is being operated under a franchise granted years ago and was brought by the attorney general's office in response to an appeal from farmers who seek to have it taken out. The action argued Monday was merely a demurrer brought by Captain Norcross.

Janesville Daily Gazette, Wednesday, April 17, 1907.—Sale of the "Big Mill"—The property known as the big mill was sold today to Messrs. Hiram Jackson and J. Maurice Smith for \$50,000. Possession to be given August first.

The Great American Mocking Bird.—Sol Perry, the world renowned imitator and warbler, will give one of his scientific and musical entertainments, Friday evening, April 19th, at Lippin's Hall. He has over four hundred specimens of birds and a great number of animals of which he gives correct notes and songs of each one. So perfect are his imitations that he defies the observing critics to detect him from the bird itself.

Speaker Colfax.—A day or two since one of our citizens dropped a line to Hon. Schuyler Colfax, Speaker of the House of Representatives, asking if he could be induced to come to

Janesville and deliver his lecture, "Across the Continent." Mr. Colfax replies in part as follows: "Every day is engaged up to the last of May, when I must quit, leaving 220 invitations unaccepted. Sorry I can't get to Janesville, as I have pleasant recollections of a speech there out doors in the rain for two hours to an audience that stayed all through, some two years ago."

Yours truly,
Schuyler Colfax.

Educating the Freedmen.—The Bureau reports show that there are now in the State of Virginia, 207 negro schools, with 266 teachers, giving instruction in them to 16,227 scholars. We find from amongst the reports that Richmond has 3,000 scholars; Petersburg, 1,353; Norfolk and Portsmouth, 2,008; Lynchburg, 408; Alexandria, 1,756; Fredericksburg, 280; Charlottesville, 280; Staunton, 402; Danville, 600; Winchester, 239; Yorktown, 324; Fortress Monroe, 1,160.

Swanson & Co.'s Moving Pictures.—This not everyone who has a chance, in two short hours' time, to visit the pyramids of Egypt, the jungles of India, the Desert of Sahara and the wild and rugged Alps, and to become acquainted with the quaint, queer and curious people and animals who find homes in and about these far-off places. Take a short journey to the Myers theatre, on Saturday, April 20, matinee and evening, where Swanson & Co.'s moving pictures will transport you without any inconvenience to all parts of the world; to wonderful and interesting places and introduce you to scenes and incidents, dramatic, tragic and ludicrous.

Lillian Mortimer, who is starring in "No Mother to Guide Her," her great success of last season, is a person of unusual interest. Miss Mortimer comes of a noted family of actors who have been identified for generations with the stage. Beside having historic talent of no mean order, this talented woman claims literary ability which she has demonstrated to be of the highest order. For a number of years, Miss Mortimer has starred in plays of her own construction which have won her unstinted praise, besides bringing her in lucrative royalties and profits. Miss Mortimer not alone writes her starring vehicles but acts as stage director in their production, assists the scenic artist by designing the models, makes the sketches of the costumes.

MERRY CLINIC ON

PUBLIC HEALTH

(Continued from Page 2.)

profane silence on the golf links, and other odd occurrences too numerous to mention.

Gastronomics and Prophylactics.—Prof. H. C. Buell, who was to respond to "The Gentle Science of Gastronomics," was introduced as "no Cassius," but a man of superb courage who hesitated not to rush in where angels fear to tread. The speaker expressed great apprehension of the toastmaster's repartee which he had reason to believe was quick and scathing as that of Senator Volcott, who upon being interrupted with the cry of "Rats," at a political meeting, wheeled quickly and called: "The theory that a rat's character is determined, to some extent, by the food it eats, that the stolidity of the Teutons may be traced to sauer-kraut; the vivacity of the French, to the wines and fruits they consume, was elaborated to some extent and it was humorously suggested that 'docile qualities might be developed in intractable men by a diet of roast lamb. In a serious vein the speaker took up some of the developments of domestic science, and held out the hope that in the future it might produce a long-lived sturdy race of men."

W. G. Wheeler responded to "An Ounce of Prophylactics." He said that the after-dinner speaking problem dated back to the time when Jupiter was dissuaded from making the attempt at a conference of the gods on Mt. Olympus.

"Then argued Oceanus, Poseidon, and the rest, 'Let us not put off our decaying powers to such a test. The men who did the talking on departure of the ladies. Are since enduring several hundred years in Hades.'"

The speaker hadn't been allowed to talk so long that it almost seemed to him that he had been born in captivity. This reminded him of the story of the man who hadn't spoken to his wife for five years, because, as it afterwards developed in the divorce court, "he didn't like to interrupt her." So sure was he that his hearers understood all about Prophylactics that he wouldn't go into the subject extensively. As a preventative of disease, however, he could advocate nothing more sure and efficient than exercise on the 50 acres of lawn owned by the Country Club and lying adjacent to the city. He urged every hearer to make this his ounce of prophylactics.

Song by Mrs. Rexford

William H. Dougherty addressed his hearers as "Fellow Scientists." He said that he had accepted the call without knowing what subject he was to talk about and he held the scientific story of the good Irish priest who had but one sermon—and that on Communion—which he adapted to all occasions, to warn the audience of what might be expected under the circumstances. His blind acceptance of the honor was reminiscent of the faint-hearted colored wooer who finally decided to use the telephone, with the following result:

"Am I Miss Jones?"

"It am."

"Will you marry me?"

"Yes sir, what's your name?"

However, he would make no apologies. He had brought to the subject a mind unclouded by any preconceptions and if the effort was not accepted as a masterpiece he would attribute it to a jealous conspiracy of the physicians of the city—and there would be nothing wonderful in this, as many a good man had been kept down by the doctors. In conclusion the speaker traced the wonderful development of medicine from the archaic methods of twenty-five years ago to the modern triumph of evolution, the insanity expert.

The next number on the program was a springtime song, exquisitely rendered, by Mrs. John G. Rexford. She graciously responded to an enthusiastic encore with a beautiful "wind and flower" number. Miss Pearl Peters was the piano accompanist.

Art of Exercise

Prof. C. F. Minter, physical director of the Milwaukee Y. M. C. A., in response to "The Art of Exercise," gave a very helpful and entertaining talk on muscular development, the safeguarding of vitality, postures, and developing exercises. The philosophy of the "open window" theory that one awakes in the same state of mind and body with which he retired to some extent—and that light exercises are to be recommended, even when one is utterly exhausted, in order to prepare one for rest, were advanced. A series of helpful exercises in the room, with explanations, was demonstrated and in conclusion the speaker gave a splendid exhibition of Indian club swinging, to the piano accompaniment of Miss Jones.

Magic of Outdoors

One of the most delightful offerings of the evening was the little talk on

"The Magic of Outdoors" by Horace McElroy. After alluding to the clouds of smoke at which he had been wont to talk at Twilight Club meetings, confident that whatever he said would be believed, the speaker assured his hearers that there was a pot of gold at the end of the rainbow and that all might hunt for and find it if they would go about their search in the right way. One must be close in nature to obtain its magic. Idle strolling was of no use. A person should always have a purpose in view in the outdoor life, whether it be hunting for the fragments of stone left by the people who passed away before the dawn of history, or the wonderful fungi growths, or observation of the insect life and the haunts and habits of the birds. Any or all of them were to be recommended and indeed a smattering of knowledge concerning all was better than mastery of any one. With the latter one always has a number of good reasons and interests by his side whenever he is fortunate enough to be on the bank or hillside or at the golf grounds. Suppose the study of entomology is taken up. Let the student familiarize himself with a few of the creatures. All insects, even the bee-hug, are beautiful under the microscope. The ant, with a brain the size of a pinhead, which Darwin calls the most wonderful atom in all nature, is very interesting and it is worth while knowing how he plants his crops, rears his herds, keeps slaves, and how in all his socialistic life he comes nearer to man than any other living creature. The speaker said that a nest of yellow-jackets was a delightful happy family and that a square deal could be expected if one studied and watched, got into their confidence and never interfered. The story that the English sparrow is a pest and drives out other birds, Mr. McElroy characterized as a mere "newspaper filler." The sparrow quarrels with no other bird, excepting the bluejay and his cheerful, scrappy disposition, and his presence here in winter as well as summer ought to make him a most fascinating favorite. The sparrow myth was on a par with the classic old yarn about the snake bite by drinking a quart of snake-bite. This story would be utterly absurd even if one found it in the Encyclopedia Britannica. Administered scientifically so as to have the tendency to increase the action of the heart proportionately as the poison retarded it, whiskey might prove effective. But taken in a big unmeasured dose it would simply create two

violent, contrary pulls—the heart which would hasten the victim's death. The best thing to get at a man with a quart of whiskey would be the niger of India. The elephant dies in two hours from the effect of its bite; the human being wouldn't have time to draw the cork. The full benefit of the outdoor life could never be obtained without incentive which alone leads to finding the pot of gold in the bloom of the flower, the flash of insect wing, and the stars which are strewn like sands in the heavens above our heads.

Medicine of a Merry Heart.—Rev. J. H. Tippet in his response to "The Medicine of a Merry Heart" told several good anecdotes on his brother ministers as well as the one of the chief with the wooden arm. He extolled light-heartedness in the home and in the sick room, and the poets such as Longfellow who sing the joy of commonplace things, to commonplace people. The commonplace was never to be despised. What was more commonplace than that a man should say to his wife: "I love you." The best thing in life was to give good cheer to men, to carry it with us through this life and into the life to come.

At the conclusion of the toast list the toastmaster invited the ladies to take with them the flowers which had decorated the tables.

Price Per Gallon.

A GOOD THING

LOOK INTO IT

In buying paint, many people make the mistake of simply considering first cost. They think only of the price per gallon. This results in the selection of a low priced, short-lived, adulterated paint.

The right way to buy paint is to consider—not primarily what it costs per gallon—but spreading power, ease of application and durability.

B. P. S. Paint, as regards spreading capacity, is more economical than a so-called "cheap" paint. It will cover at least 25 per cent more surface. This is largely due to the much finer grinding it receives.

On account of pure lead, zinc, and linseed oil used, perfect formula, and fine grinding, B. P. S. Paint is fully 10 per cent easier to apply than coarse, adulterated paint. As cost of applying is about twice as expensive as the paint itself, this 10 per cent saving of your painter's time is important.

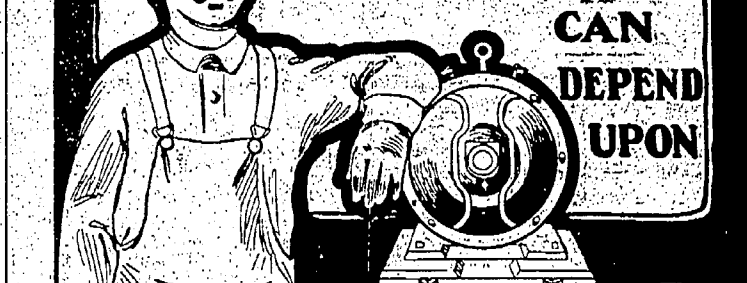

Farther, B. P. S. Paint produces a beautiful, glossy finish. That will last twice as long as any finish that can be secured by the use of so-called "cheap" paints.

By Spreading Capacity, Ease of Application, and Durability, B. P. S. Paint is the Most Economical.

WISCONSIN WEATHER FORECAST

Fair tonight, probably followed by showers Thursday afternoon, slowly rising temperature.

INTERNATIONAL PEACE

Among the speakers at the peace conference now in session in New York is James W. Van Cleave, one of the large manufacturers of St. Louis. Mr. Van Cleave represents the industrial and commercial interests of the country, and does not believe that these great interests will be conserved by disarmament of the army and navy. His arguments are strong and forceful, and worthy of careful reading. He said in part:

"No man in this great assemblage would rejoice more sincerely than I at the establishment of universal and eternal peace, but I am compelled by circumstances to say that the United States can not safely lose sight of Cromwell's injunction to keep our powder dry. Great Britain, Spain and the United States are to propose in The Hague peace conference in June a limitation of the armaments of the nations. Russia, Germany and Austria will oppose this proposition. This means that many years must pass before the nations disband their armies and navies or place any restrictions upon their expansion.

"As practical men we must pay a decent regard to the conditions which confront us. Therefore I say that Tennyson's 'parliament of man and federation of the world' will not come in the lifetime of anybody in this hall. I wish it were here in 1907. I wish, even, that we were assured of getting it in 1917 or 1927, but it is impossible.

"American manufacturers, as humanitarians and as businessmen, favor a world peace. Unhappily, however, George Washington's declarations that to be prepared for war is the best way of preserving peace is as applicable to America today as to the America to which it was addressed.

"This country must be friendly to all races and to all peoples. It must meet its obligations as a member of the family of nations. When disagreements arise, then, if they do arise, we shall have so ordered our conduct as to appeal to the world's sense of fairness and justice. We shall be able to submit our case to any impartial tribunal with the faith that our position will command the world's approval.

"But suppose that, even with right on our side, justice is denied to us. What then? Then we must accept Davy Crockett's doctrine. Being sure that we are right, we must go ahead. There are issues of honor, of principle and of national safety which can not be submitted to any international tribunal."

Mr. Van Cleave spoke, he said, in the interest of the manufacturers whose monetary interest in an international peace is represented by a capitalization of \$14,000,000,000, with annual products worth \$16,000,000,000 and with 3,500,000 workers, who will be paid \$4,000,000,000 during the current year. He urged that this interest, producing annually manufactures worth as much as all the property in Spain, should have a voice in the formulation of any international peace plan.

He believed that we must have peace at home, industrial peace, harmony between employers and employees, political peace, which can only be brought about by abolishing the demagogue.

When this kind of internal peace is established, then we can talk of international peace with the voice of 85,000,000 people and in behalf of a country which has as much wealth as any two nations in the world combined.

He believed in arbitration backed by the sentiment of the world, and if need be by the armies and navies of the great nations.

The untimely death of James H. Eckles removes from the nation one of its most conservative and able financiers. Mr. Eckles displayed marked ability while acting as comptroller of the currency and his prominence in banking circles, since retiring to private life, attests the confidence and high esteem in which he was held. He was an honest as well as an able man and his loss is a national loss. The circumstances of his death are of peculiar sadness, as his wife and daughter were abroad, where he was preparing to join them at an early date.

A bill to grant Wisconsin cities the right to be governed by commission, when two-thirds of the voters so elect, was lost in the legislature, because there seemed to be no demand for such a law. The success of the Galveston experiment is being watched with interest, and it proves as popular as promised, many other cities will demand it. The Wisconsin law should have passed, as it was only optional and could have resulted in no harm.

The speakers at the Twilight club

banquet discussed the delicate topics assigned them, with such familiarity and research, that an epidemic of health should bless the city for months to come.

It is estimated that the Thaw trial has cost his family about a quarter of a million dollars, with a chance to spend as much more before the farce closes. His brother is reported as saying that the young man should have been locked up long ago.

A big stick in the corner for any emergency is a good peace promoter.

PRESS COMMENT.

A Delayed Grip.
Chicago News: We have it on what we consider reliable authority that Thaw has postponed his trip to southern France.

Hard Sense Rules.
Exchange: Spread-eagle oratory may have a wonderful effect in California, but a New York jury looks at the facts in the case.

Maybe They Were Coffee Beans.
Madison Democrat: Boston smiles. The village of Rio in Columbia county shipped sixty carloads of beans to the east this season and has twenty more to follow.

Other Manslayers Have the Call.
Milwaukee Sentinel: Young Thaw's "exaggerated ego" must be still further reduced by Jerome's curt statement that he must await his turn, for there are now several other murderers ahead of him on the schedule.

The Beginning of Bryce.
Chicago Chronicle: About forty years ago the adjudicators of the Arnold historical essay prize at Oxford university were wearily plowing through the usual lot of commonplace composition when they suddenly lighted upon one which was not commonplace. The subject was "The Holy Roman Empire" and it is not too much to say that these cynical dons were electrified to enthusiasm. Hastily awarding it the prize, they opened the sealed envelope and found that it was the work of one James Bryce, aged 25, who is now British minister to the United States. His essay has been reproduced in several languages and to this day is a standard on the subject.

PERSONAL MENTION.

Wreck in Minnesota.

Winona, Minn., April 17.—While running about 50 miles an hour Great Western train No. 205 was wrecked near Altura, Minn., near here late Tuesday afternoon. The two rear coaches of the train plunged down a deep embankment. It is reported that three persons were seriously injured. A traveling man named Peterson, of Minneapolis, will probably die. He was taken to the St. Charles hospital where he is still unconscious. A broken flange is said to have been responsible for the accident.

Saved from a Mob.

McAlester, I. T., April 17.—Mrs. W. S. Nelson, living near the south city limits, was assaulted Tuesday afternoon by a negro who entered her home with a drawn revolver. Mrs. Nelson made a desperate fight and the negro fled. Four hours later, Henry Wood, a negro, was captured five miles from town and was identified by Mrs. Nelson as her assailant. Wood was immediately taken to the United States jail, as lynching was threatened.

Distinguished Doctor Dead.

Minneapolis, Minn., April 17.—After devoting his life to the study of medicine and himself being afflicted with a great number of maladies, Dr. Eton B. Crowell died at his home in this city of Bright's disease and heart failure and by his special request his body is the subject of a postmortem examination by the University of Minnesota medical school in the interests of science.

Secret Societies Not Liked.

Lamoni, Ia., April 17.—After several days of debate on the question, the Latter Day Saints conference Tuesday adopted a compromise resolution expressing the disfavor of the church for secret societies, but not forbidding its members to join them. The divorce question, which has been considerably discussed, was practically shelved for the present meeting.

RACINE ITALIANS IN
A DESPERATE STATE

Widow of Their Former King Marries Rich Democratic Farmer —"Dagos" Swear Vengeance. (SPECIAL TO THE GAZETTE.)

Racine, Wis., April 17.—Mrs. Mary Sasso, the widow of the "King of Little Italy," Racine county, was married this afternoon to Wm. Smith, a rich farmer and democratic politician of Caledonia, Wis. When the news of the wedding was spread among the stone quarry workers at Ives, over 700 of them left their work and went to celebrate the marriage. Several of the most prominent of the Italians said that Smith must die before the year is out, so angry are the Italians at the fact that he won the hand of the "Queen" over the advances of several rivals from the Italian quarter who aspired to take the place of the late Sasso, who was a notorious character. He was once accused of biting off the nose of a rival saloonkeeper in a fight and other depredations. He died a few months ago of consumption while visiting his old home in Italy.

Sewing Machine

How Do We Do It?

We do not depend on the sale of sewing machines for our living, as the machine agent does. We do not add the cost of canvassing. It costs the agent from ten to fifteen dollars to sell a machine, and you pay for it.

If a sewing machine agent sells two machines a week, he does well. Now figure a man's time, his team and rent for a week, divide by two, and you

will see why they are obliged to charge you twice as much as we do. With us sewing machines are only one of many lines that we carry and we can sell them at a very fair profit and still save you from \$15 to \$30.

Remember, we guarantee them, and one of the largest factory in the country guarantees them for ten years. A thirty day trial if you want it.

"A FEE OF \$1500."

Some seven or eight years ago Dr. Richards was considering the matter of going to India with a dentist friend of his to practice dentistry in the city of Calcutta.

It was reported that an American dentist could make a big go of it over there.

Dr. Richards hesitated because of the fearful heat and finally located in Janesville.

The other man talked his brother into it and they actually went.

The other day Dr. Richards received a newspaper clipping describing in detail.

An officially engineered visit of the dentist to the Royal Amerer.

The dentist was gone two months from his office, traveled over 1000 miles with a royal mounted escort of forty horsemen, and was treated like a prince.

He placed six gold fillings in the Amerer's mouth and brought home a fee of \$1500 in gold.

It looks like he was doing fairly well over there.

That's probably the world's record as to dental fees.

Dr. Richards here in Janesville does not cater for big fees.

Reasonable prices and careful work have built up for him the largest dental practice in the city.

Try him for your next dental work.

BIG ATTENDANCE OF CLUB WOMEN

FIRST DISTRICT FEDERATION IN CONVENTION HERE.

FREE MEALS DISCONTINUED

Entertainment of Delegates Will No Longer Be Burdensome Expense—Small Cities Rejoice.

About one hundred and seventy-five women, in attendance considerably larger than was anticipated, assembled in Janesville today for the fifth annual convention of the Wisconsin First District Federation of Women's Clubs. There are sixty delegates and a hundred visitors from out of the city. The sessions, which are being held in the auditorium of the Carlgill Memorial M. E. church, opened at half-past nine o'clock this morning and will last through this evening. The district board, consisting of the federation officers, met at nine o'clock; nothing but routine business was transacted.

Constitutional Amendment
At this morning's session the most important business transacted was the adoption of an amendment to the constitution. This instrument originally provided that the entertaining clubs furnish free dinners and supper to the convention delegates. The expense is so heavy that the smaller cities, those containing but one or two clubs, have felt unable to invite the conventions. The removal of this burden, which amounts to nearly a hundred dollars, makes it possible for one club to bear the convention expenses. Hereafter meals will be paid for by the various clubs sending representatives or the delegates themselves, though the entertaining club will be asked to arrange for the meals with some church society. The amendment becomes effective immediately at the close of the present convention.

One Report Postponed
Prayer by Mrs. J. W. Laughlin of this city opened the convention at half-past nine this morning. Mrs. C. J. Myhr, president of the Philomathean club, welcomed the visiting ladies and her hearty greeting was responded to by Mrs. V. H. Campbell of Evansville. Mrs. C. E. Tarrant, president of the federation, gave her annual message and the following district officer presented their year-end reports: Mrs. T. B. Earle of Edgerton, recording secretary; Mrs. H. D. Murdoch of Janesville, corresponding secretary; Mrs. E. F. Hansen of Beloit, treasurer; Mrs. Martin Clancy of Racine, auditor. Reports from the different clubs and committees were also received. The report of the credential committee had not been completed and was postponed until the afternoon session.

Excellent Music Rendered
Several fine musical numbers were offered at this afternoon's session and more will be given this evening. This afternoon a piano solo was rendered by Miss Pearl Peters and two songs, "Awakening" by A. O. Mason and "A Proposal" by Mary Falter, were given by Mrs. John G. Rexford. The feature of the afternoon was an address by Mrs. Charles Buell of Madison, president of the Wisconsin State Federation of Women's Clubs. An interpretative recital of Shakespeare's "As You Like It" was also given by Miss C. Adela Rankin. The program for this evening follows:

7:30 P. M.
Piano Duet—"Kaleidoscope," Moszkowski; No. 1—Allegro, No. 2—Presto, No. 7—Waltz—Mrs. Sherer, Mrs. Behlin.

Songs—(a) Secrecy; (b) A Song of Spring, Wolf—Roy Carter.
A Poem by Owen Meredith with musical setting by Giuseppe Verdi—Reader, Mrs. Pembler; at the piano, Mrs. Sherer; violin, Mrs. Fiffeld.

Lecture—Illustrated—"A Little Journey to the Great Northwest"—Prof. John C. Pierson, Beloit.

Report of Credential Committee.

Adjournment.

Twilight Club Flowers
In honor of the convention the church was very prettily decorated with cut flowers. These were presented to the hostess organizations by the Twilight club and to that society an informal vote of thanks has been extended.

In today's convention fully one thousand women are represented. By every club, belonging to the federation, has from one to five delegates present. In the association there are eight Beloit clubs, three: Edgerton, two: Evansville, three: Janesville, one: Milton, one: Junction, one: Monroe, one: Racine and one: White-water.

DEATH ENDS EIGHT YEARS OF SUFFERING

Cornelius Eugene Wilcox Passed Away This Morning—Funeral at Baptist Church Friday Afternoon.

After years of suffering Cornelius Eugene Wilcox passed away this morning. Eight years ago his illness began; over half that time he has been an invalid. His malady was paralysis. He was born in the town of La Prairie, July 10, 1874, the son of Mr. and Mrs. Cornelius Wilcox, now resident of our city. He is survived by one brother, Willis O. Wilcox, and two sisters, Mrs. A. D. Foster and Mrs. David Lowry. His wife, Mrs. Nettie Mable Wilcox, whose devotion has been a signal, also remains to mourn his departure. With the exception of a year spent at Davenport, Iowa, Mr. Wilcox has been a resident of this community all his life. He was a member of the Baptist church and was justly and widely esteemed. The funeral will take place Friday afternoon at the Baptist church at 2:30 o'clock, Rev. R. M. Vaughan officiating. Interment will be at Oak Hill.

Mrs. J. H. Schumacher
Mrs. J. H. Schumacher died last evening, at her home in the town of Janesville. She was seventy-four years of age and had resided in this community for twenty-seven years. Beside a wide circle of friends there is left to mourn her demise a husband and five children—Mrs. Fred Donnel, Mrs. Neil Kettle, Fred Schumacher, Herman Schumacher and Henry Schumacher. The funeral will be held from the home Friday afternoon at half-past one o'clock and burial will be in Oak Hill cemetery. Services will be conducted by Rev. Paul F. Werth.

George Earle
The remains of the late George Earle, whose death resulting from a short illness occurred in Chicago yesterday, were brought here at 11:40 o'clock this morning and taken immediately to the Emerald Grove cemetery, where interment was made. Mr. and Mrs. Orville Austin of Minneapolis accompanied the body. The deceased is survived by one brother, Joseph D. Earle of Chicago, and four nephews—Frank Wetmore, R. G. Wetmore, G. E. Wetmore and Fred Wetmore of this city.

400 TO BE HERE FOR DECLAMATORY CONTEST FRIDAY

Palmyra Has Been Admitted to the League and Will Be Represented.—Special Train for White-water Delegation.

Four hundred high school students from Beloit, Evansville, Whitewater and Palmyra will visit Janesville Friday evening for the annual league declamatory contest. Two speakers from each one of those places and this city will compete for honors and those awarded first and second places will be sent to the interleague contest of the Whitewater Normal school district, to be held at Whitewater May 10. Palmyra has but recently been admitted to the league and this is the first year she has been represented on the program.

Tally a hundred and fifty are expected from Whitewater. More than a hundred round-trip tickets have been sold and fifty more will be disposed of. A special train to carry the contingent home has been secured. They will be accompanied by the Palmyra rooters. Beloit will also send a large delegation and one of more special cars over the Interurban road will also have a strong representation, the North-Western's midnight flyer making railroad connections excellent.

Janesville's two contestants will be Miss Emma Shoemaker and Florence Spooner. The former has chosen to read "Little Tyler" and the latter "The Lady Across the Aisle." One of Whitewater's speakers will be Miss Caroline Churm, a daughter of Rev. Mr. and Mrs. Churm, formerly of Janesville. Two boys will this year compete; one will come from White-water and the other from Beloit.

Miss Weirick Surprised: Miss Marian Weirick, daughter of Mr. and Mrs. Charles Weirick, was surprised by a company of twelve young ladies at her home on Garfield avenue last evening. Tempting refreshments were served and a very pleasant time was enjoyed by all.

The W. C. T. U. will meet Thursday, April 18, at 3 p. m. promptly. A full attendance is desired as the election of officers will occur for the ensuing year. The meeting will be held at Mrs. Mayhew Loudon's on N. High street.

PLANS FOR NORTHWESTERN FREIGHT ASSORTING YARDS PRACTICALLY COMPLETED.

SAYS VICE-PRES. GARDNER

Officials Passed Through in Special Car—Six or Eight Miles of Side Track Determined Upon.

Throwing of dirt on the site of the Chicago & Northwestern railway company's new assorting yards southwest of Janesville will be started about the first of June. The statement is made on the authority of W. A. Gardner, vice president of the company and head of the operating department. He with several other officials passed through Janesville shortly before noon today, being enroute to Madison where they will appear before a committee of the state legislature giving the railways' side of discussions on proposed statutes.

Specifications Being Made.
The party rode in a special car attached to the 11:45 passenger train and during the stop here Mr. Gardner was interviewed. When questioned regarding what progress had been made on the Janesville assorting yard project since his visit to the city three weeks ago, he said: "The plans that will be used are now being finished. All major questions regarding the drawings have been settled and work on the specifications has been commenced. As soon as completed sets of these will be submitted to contractors and the reception of bids and awarding of contracts will follow as quickly as possible."

"Will actual construction begin by the first of June?" was asked.

"I should say about that date," replied Mr. Gardner.

Room for 1500 Cars.

To further queries Mr. Gardner answered that a thirty-six stall roundhouse had been definitely determined upon; between six and eight miles of side-tracking will be laid, making a yard in which fifteen hundred cars could be accommodated and handled. Such plans do not utilize the entire three hundred acre tract owned by the Northwestern and in future years track extensions and additions can be made without further purchases of land.

George McFarlane is sick with the grip and unable to attend school.

Had dyspepsia or indigestion for years No appetite, and what I did eat distressed me terribly. Burdock Blood Bitters cured me.—J. H. Walker, Sanbury, Ohio.

Don't let the baby suffer from eczema, sores, or any itching, of the skin. Doan's Ointment gives instant relief, cures quickly. Perfectly safe for children. All druggists sell it.

Constipation causes headache, nausea, dizziness, languor, heart palpitation. Drastic physics gripe, sicken, weaken the bowels and don't cure. Doan's Regulate act gently and cure constipation. 25 cents. Ask your druggist.

Never can tell when you'll mash a finger or suffer a cut, bruise, burn or scald. Be prepared. Dr. Thomas' Electric Oil instantly relieves the pain—quickly cures the wound.

Center, April 16.—On Saturday afternoon April 16, at 1 o'clock sharp every member of the Center Christian church is requested to be at the Grange hall to discuss the building question again, and arrive at some definite conclusion in regard to the matter.

There was a good attendance at church services Sunday afternoon.

Miss Florence Poynter visited over Sunday at home, returning to Janesville Tuesday.

John Davis and Fred Fuller were business visitors in Edgerton Monday.

Mrs. J. S. Roherty was an over-

Edwin Markham

Edwin Markham, the poet and lecturer, was born in Oregon City, Ore., on April 23, 1852, but was taken to California when only five years of age. He worked on a farm as a boy and tried cattle ranching. He was married in 1897 to Miss Anna Catherine Murphy. He obtained prominence as an author and was given the post of superintendent of public schools in California, which he held until 1899. He gained international fame when he published the poem, "The Man With the Hoe," in 1898. Since that date he has written a number of poems and many magazine articles. He came to New York when his literary fame was established and now lives in Westleigh, S. I., New York state.

Sunday visitor with relatives in Edgerton last week.

Miss Alta Goldsmith is a victim of the gripe and is being prevented from teaching for a week.

Very favorable weather for the farmers to get their crops in.

The many friends of Jamie Howe, formerly of Center, are sorry to learn of his serious illness at his home in Duraka, Ill., where he is attending college and hope for a speedy recovery.

John Torpey of Footville was an over-Sunday visitor in Center.

Mrs. Chas. Goehl and son and Miss Leta Walton were over to church service Sunday, also Mr. and Mrs. Willie Krebs.

Friends of Rev. Scheibly hope that he may return to his charge here, as he has made many warm friends both in the church and out.

Center was represented at the high school contest last Friday evening.

Why Vinol Is Better Than Any Other Remedy to Restore

Health and Strength

Vinol

WE RETURN MONEY IF IT FAILS TO GIVE SATISFACTION

SMITH DRUG CO.

Because Vinol is a real Cod Liver Preparation and does not contain a single disagreeable or harmful ingredient and is not a secret formula.

Because Vinol contains all the medicinal elements—the soothing, healing, strengthening and flesh creative properties of Cod Liver Oil—but without oil or grease.

Because everything in Vinol,—except the tonic iron and a fine old wine,—is actually extracted from fresh cods' livers and their oil.

Because Vinol is deliciously palatable and agreeable under all conditions. Everybody likes it.

Because Vinol tones up the system, strengthens every organ, nerve, muscle and fibre of the whole body and thus overcomes weakness by thoroughly eradicating the cause of disease.

That's Why Vinol is altogether different and better than any other remedy for Coughs, Colds, Bronchitis, and all Throat, Lung and Wasting Diseases.

That's Why Vinol Restores Health and Strength to Delicate Children, Feeble Old People, Weak and Sickly Persons, Nursing Mothers, and Convalescents.

Plumbing Progress

What distinguishes the modern house of to-day from the homes of ten and twenty years ago? Not the architectural changes;

the number of rooms nor their size. The change that marks the progress of the years is most evident in the plumbing of the home. Modern fixtures and open plumbing, conforming to sanitary laws and contributing to good health, are the most noteworthy improvements in house building.

We are modern plumbers. The work we do, whether repairing a pipe or installing a complete bath room, is high grade and finished.

We sell and install "Standard" Porcelain Enameled plumbing fixtures and the fame of these widely advertised goods assures you high quality.

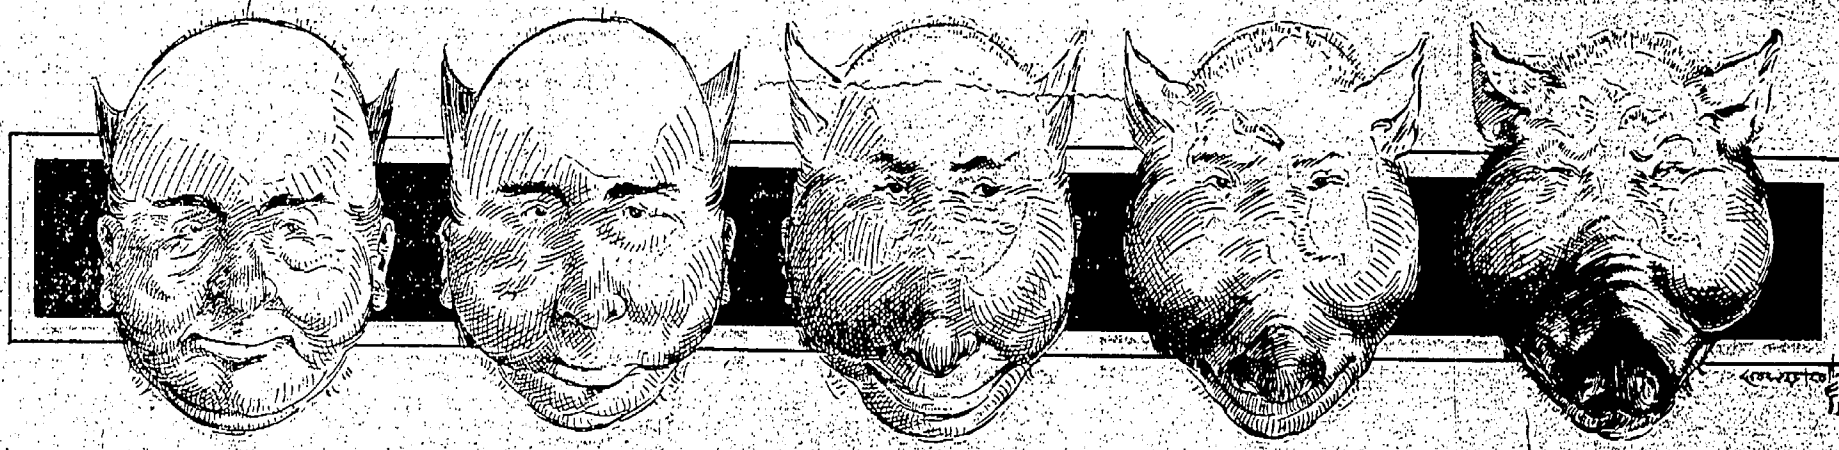

The guaranteed excellence of "Standard" Ware is backed by our own reputation for handling only the best. Illustrated booklet "Modern Home Plumbing" free.
